

The RRC NEBOSH International General Certificate Course By E-learning/ Blended Learning

NEBOSH International General Certificate in Occupational Safety and Health

The NEBOSH International General Certificate provides a comprehensive introduction to the fundamentals of occupational safety and health, promoting the highest standards of safety and health. The syllabus is based on International, technical and other standards (ILO Codes of Practice, for instance) and internationally recognised good practice.

Who should study for the NEBOSH International General Certificate

The NEBOSH International Certificate has been designed for managers, supervisors, worker representatives and others who require a comprehensive knowledge and understanding of safety and health principles and practices.

Entry Requirements

There are no barriers to entry to the NEBOSH International General Certificate course; however it is advised that candidates have a good understanding of basic health and safety. Assessments are currently undertaken in English; a good standard of written English is essential.

What You Will Study?

The syllabus itself is divided into 16 units (around 100 to 130 hours of study) covering the Management of Safety and Health and Controlling Workplace Hazards.

IGC 1

- E 1 Safety and health Foundations
- E 2 Policy
- E 3 Organising for Health & Safety
- E 4 Promoting a Positive Health & Safety Culture
- E 5 Risk Assessment
- E 6 Principles of Control
- E 7 Monitoring, Review & Audit
- E 8 Incident Investigation, Recording & Reporting

IGC3

Practical Application

Assessment

This consists of an examination and a practical safety and health assessment of a workplace. You must pass each of the two examination papers and the practical assessment to be awarded the NEBOSH International General Certificate in Occupational Safety and Health.

Professional Body Memberships

Holders of the International General Certificate are eligible for membership of the following professional bodies, subject to meeting the necessary post-qualification experience requirements:

- Institution of Occupational Safety and Health (IOSH)– Tech IOSH
- International Institute of Risk and Safety Management (IIRSM) – Associate Membership
